

# Amanda Barber

At age eleven, Amanda Barber received a journal for Christmas: an author was born. Reading novels and writing stories became Amanda's dialogue in life. As a teen, she found a freedom of expression in writing only exceeded by her closely held faith.

Amanda's faith shapes everything in her life as she thinks through what's written in the Bible, living it out and sometimes struggling with believing. Emerging from a time of intense questioning and reaffirming of her faith, Amanda penned, "The Pursuit of Elizabeth Millhouse."

Spanning the turmoil of a World War and the deadly influenza plague of 1918, *The Pursuit of Elizabeth Millhouse* is a portrait of a young girl's struggle with loss and faithlessness. Born to privilege and wealth, Elizabeth Millhouse is the only child of a tense and loveless relationship. Sequestered to a boarding school at a tender age, Elizabeth is ordered to stay there even through the holidays. When she is finally allowed home for the first time, it is only to visit a newly affectionate father on his death bed. After prayers for her father's recovery are denied, she rejects God and determines to live her life without reference to Him. Seeking to forge her own path, she searches for permanence and love in a world where circumstances shift like quicksand. Published by Axiom Press, "The Pursuit of Elizabeth Millhouse" is available through Amazon.com and select book stores.

For the fall of 2013, Amanda is scheduling speaking appearances and book signings at retreats, conferences, book stores, and libraries. Amanda, an accomplished violinist and vocalist is also scheduling a limited number of concert performances.
